Welcome

Summer School will be held for nine (9) weeks this year, starting on Monday, June 14 through Friday, August 13.

Standard Summer Program

The standard summer program is similar to the classes during the school year. It covers music, art and crafts, physical exercise, language & literacy, math and science (older classes), and some fun water activities! For the elementary age class(es), math, reading and writing workshops will help children sustain their academic level throughout the long summer!

Intensive Japanese Program

Would you like your child(ren) to learn more Japanese? Here's the chance. From the moment that your child(ren) step into the Japanese class, they will be immersed in Japanese throughout the day. Arts & Craft, Music & Movement and Learning Time will all be conducted in Japanese! Useful Japanese vocabulary will be introduced through activities, songs, games, situational studies/role-playing, cooking and much more! Introduction to reading hiragana will be included for Kindergarten age and older students. We will offer fun-filled activities promoting Japanese language and culture to help children make a stronger connection with their host country, Japan.

General Information

- Date: June 14 through to August 13
- Time: Please see appropriate class.
- Teachers/
Classrooms: Will be posted on the bulletin boards at school on your child's first day of school.
